# PERRIN FOR GLADIOLUS 1958

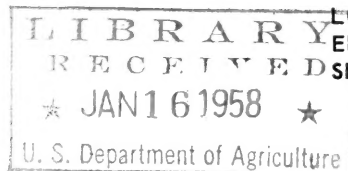

OUR 41st YEAR IN GROWING QUALITY BULBS

ONE OF OUR BEST DISPLAYS AT A RECENT SHOW.

OUR MODERN FAST DRYING WAREHOUSE  
LOCATED IN THE HEART OF PORTLAND  
ENABLES US TO GIVE FAST & EFFICIENT  
SERVICE.

## A FEW WORDS TO YOU - -OUR CUSTOMERS

During the past years, we bulb growers have been caught in the "BIG SQUEEZE." By that, we mean our costs of growing a bulb crop has zoomed all out of proportions to the income we have been realizing from it. Labor, land rent, fertilizer, equipment, gasoline, and fuel oil, as well as taxes-have all doubled in the past 10 years; whereas our bulb prices have remained the same and in some cases have even been reduced.

We are now going to try this novel way of presenting our bulbs for sale, by using a partially mimeographed catalog. Color printing is very, very expensive, and if we find that we can effectively sell our bulbs with this new method, no doubt we can hold the line and keep our most economical prices in effect.

Please notice that we pay  $\frac{1}{2}$  the shipping costs on all orders over \$25.00. Railway express still has their commodity rate in effect on orders over 16 lbs., which brings the cost of shipping down below Parcel Post. You may take your choice of shipping methods-either Pool car in March, which is prepaid to Chicago or Trenton, N.J., or you may have Railway Express direct, and we will pay  $\frac{1}{2}$  the charges.

Smaller orders taken almost entirely from NEWER VARIETIES will be PREPAID by us to your door via Parcel Post in the early Spring. Please note the saving you make by ordering 10 bulbs of a size in the newer varieties.

We harvested one of the biggest and best crops from our 27 acres that we have ever produced. In fact the bulbs ran so large, that for the first time this year, we are offering JUMBO bulbs-price on these will be a little higher than No. 1 size, due mostly to the weight involved. (125 to 150 lbs. per 1000) See wholesale part of Catalog.

## A FEW PICTURES OF OUR ENTERPRISE

A straight furrow is  
is any farmers pride.

Lots of discing-sometimes 6 or 8 times over is  
necessary for our bulb ground.

Planting is down mostly  
by the two row planter.

There is still some back  
breaking hard planting on  
the best varieties.

35¢ of every dollar still  
goes for hard labor.

65 overhead sprinklers keep  
the crop growing just right.

Cultivating is done by a  
multiple row tractor. Reg-  
ular cultivating is a 'must'  
in growing fine glads.

Flowers ready for market  
give us a lot of pride in  
our work.

WHOLESALE PRICE LIST      1952.

--- SHIPMENT ---

All orders taken from Standard Varieties, under \$25.00 are sold with the understanding that the shipping charges will be paid by the customer. On orders weighing less than 16 lbs. it is more economical to use P. Post and await a safe shipping date. (After March 15th) Railway Express has given the N.W. States a big reduction in rates on shipments of 16 lbs. or more. The minimum charge on any one shipment however is \$2.80.

----- POOL CAR SHIPMENTS -----

Car loads leave Portland on or about March 15 for distribution from Chicago, Ill. or Trenton, N.J. We pay the charges to these points, whichever you prefer. Transportation to you from these points via RAILWAY EXPRESS COLLECT. Pool car shipments on orders of \$25.00 or more only.

In case you should wish earlier shipment than March 15, we will pay  $\frac{1}{2}$  the express charges under the new rate. Just save your express receipt, mail it to us, and we will refund you right back for  $\frac{1}{2}$  the amount. This applies only to orders of \$25.00 or more.

----- D I S C O U N T S -----

Orders of 10,000 or more bulbs, deduct 5% from these prices.
